

The Susan Kay Schug Educational Scholarship Application

In memory of one of its past members, the Michigan Geocaching Organization sponsors a small scholarship aimed at assisting our next generation of Michigan youth in their studies of outdoor recreational activities, in hopes of helping them gain an appreciation of the outdoors while learning to be good stewards of Michigan's land conservation and the environment in general.

Sue was a wonderful light in the lives of all she touched and is sorely missed by those who knew and loved her. A geocacher since June of 2003, she joined the Michigan Geocaching Organization in April of 2004 and quickly became an integral part of the "family" that makes up the MiGO geocaching community. She was among the first to sign on as an Event Staff volunteer and was a familiar sight at many MiGO events, usually arriving early to help set up, working quietly in the background throughout the event, then staying after to help with the cleanup. Right up to the end, she was ready to offer a smile, a hug, or a helping hand to anyone who needed one. In addition to her husband, Sue left behind four children and several grandchildren, many of whom have also become involved in geocaching and share her love for the outdoors.

The Susan Kay Schug Educational Scholarship has been named in honor of her generous spirit and in hopes of carrying on her legacy for generations to come.

Any MiGO member, their spouse or their child or grandchild, who will be attending a college or university, is eligible for this scholarship by filling out the form and submitting it per the instructions outlined. At the close of the application period, recipients will be selected from the eligible submissions and announced at the Annual MiGO Winter Social.
